STIPULATION

IT IS HEREBY STIPULATED by and between the parties that Section VI. D. 1, of the Negotiated Settlement Agreement is revised to remove the requirement for notifying the Communications Division regarding the purpose of transport under certain circumstances.

Section VI. D. 1, (Task 36), "Procedures for Transporting Detainees and Citizens," shall read as follows:

OPD shall continue to require every member and employee to log in and log out on the radio when transporting a detainee or any other civilian. The radio report shall include time, mileage, location, purpose of transport, gender of individual being transported, and identification of member/employee involved in transport.

If the purpose of the transport can be determined from the location of the transport, the purpose does not need to be recorded. These locations can include the Police Administration Building, the Substation (Eastmont Station), Youth and Family Violence Center, the Jail (Santa Rita or North County), John George Psychiatric Hospital or any other medical facility.

The transportation of a civilian ride-a-long shall be exempt from this requirement.
